

International Conference Publications (2014-2015):

1. Dr. Sri Krishna, B.Eswara Reddy, M. Pompapathi has presented a paper on “Color Edge Detection for Noisy Images by Nonlinear Prefiltering and Block-by-block Rotations”, at IEEE ICCSP 2015 Conference. DOI: 10.1109/ ICCSP.2015.7322710.
2. Sri V.Sesha Srinivas, Asst. Prof., has presented a paper on “A native Fuzzy Clustering Method for Pixel Segmentation by using differential Evolution”, at International conference on Advances in computer Science and Software Engineering on 10th October 2014, organized by St. Ann’s College of Engineering & Technology.
3. Rajesh Duvvuru, Sunil Kumar Singh, K. Gowri Sankar and S. Deepthi, "Prediction and Analysis of Bomb Blasts in India", International Conference on Communication and Computing (ICC- 2014), Elsevier, Bangalore, India, 12-14 June 2014, pp: 114-120. DOI: 10.13140/2.1.4624.3521.
4. K. SrinivasRao, Asst. Professor presented a paper on a “Identifying the Behavior:Nodes, Route and Collision Attack’s in MANET”in the International Conference on Contemporary Computing and Informatics (IC3I), Conducted by Sri Jayachamarajendra College of Engineering(SJCE), Mysore, during 27th to 29th , November, 2014. DOI: 10.1109/IC3I.2014.7019683.
